JSW Steel Vijayanagar Makes History with 51-Gold Medal Haul

14th September 2025
JSW Vijayanagar

IN PICTURE : All 51 teams with trophies

At the Chapter Convention on Quality Circles (CCQC) 2025 – Bengaluru Chapter, JSW Steel Vijayanagar has set a new benchmark for excellence by delivering a record-breaking performance. **Competing against over 500 participating teams from across the region**, our contingent achieved an unprecedented **100% success rate, winning Gold Medals for every project presented.**

A total of **51 teams from JSW Vijayanagar** proudly represented our organization at the prestigious convention — and **every single one of them returned victorious.** This remarkable feat reflects our strong culture of innovation, teamwork, and continuous improvement, deeply ingrained across all functions of our operations.

Beyond the project presentations, our teams also showcased their all-round capabilities by securing **First Prizes in several ancillary events** — including the **Knowledge Test (two teams), Slogan Contest, Poster Presentation, and Essay Writing (in both English and Hindi).** These accolades further highlight the holistic excellence and commitment that define JSW's quality culture.

This milestone achievement is not just a victory but a celebration of our people's passion, our facilitators' guidance, and our leadership's vision to nurture a culture of continuous improvement and operational excellence.

Heartiest congratulations to all the participants, facilitators, and supporters whose dedication and teamwork made this extraordinary success possible. Your collective effort has once again made the JSW family immensely proud.

Quality Circles (QC): 40 Gold Medals
Lean Quality Circles (LQC): 9 Gold Medals
Lean Six Sigma (LSS): 1 Gold Medal
Allied Category (5S): 1 Gold Medal

Mines Training

18th August 2025
JSW Vijayanagar

In a significant step toward fostering a culture of continuous improvement, the Kaizen Portal has been officially enabled for the Mines division. Teams across various mines have actively begun uploading their Kaizens, marking the start of an inspiring journey toward self-driven improvement and innovation. To support this initiative, a comprehensive training session was conducted on the Kaizen Portal, guiding participants on how to effectively identify, document, and implement Kaizens. The training empowered employees to recognize opportunities for improvement in their daily operations and contribute innovative solutions to enhance productivity and efficiency.

Following this, a focused meeting was held at H.O Mines with representatives from key locations including Tunga, Bhadra, Devadari, Nandi, Dharma, Narayana, Ubbalagundi, Bhooman and Rama. The session centered on developing Daily Work Management (DWM) sheets for all mines, aiming to strengthen process discipline and operational consistency. Key discussions highlighted defining clear objectives, establishing process flows, accountability structures, and KPI tracking mechanisms.

Additionally, areas such as gap analysis, stability, and conformity reports were emphasized to ensure robust monitoring and transparency across operations. Together, these initiatives reinforce JSW's commitment to excellence through quality, empowering teams to take ownership, improve continuously, and align with the organization's vision of operational excellence.

Internal QC Screening with knowledge test

22nd July 2025
JSW Vijayanagar

IN PICTURE : Inter QC Presentation and Knowledge test

The TQM Department successfully organized the much-awaited Inter QC Competition, which witnessed an overwhelming participation from 120 departmental teams across the organization. The event was designed as a rigorous multi-stage process to identify and encourage the most impactful quality initiatives. Teams came forward with problem-solving projects addressing real-time challenges, showcasing their work through insightful presentations and defending their solutions with clarity and confidence. To ensure a comprehensive evaluation, the competition also included a knowledge test, which assessed the participants' grasp of quality concepts, tools, and methodologies.

After intense rounds of scrutiny, the best-performing teams were shortlisted to represent the organization at the prestigious QC Convention in Bangalore. Their selection reflects not only technical excellence but also the ability to think innovatively, collaborate effectively, and deliver measurable improvements.

The Inter QC Competition has evolved into a hallmark event in our TQM journey — a platform that celebrates ideas, teamwork, and the spirit of continuous improvement. Each year, it showcases how even the smallest initiatives, when implemented with commitment, can lead to remarkable transformations in efficiency, quality, and workplace excellence.

This year's event once again reaffirmed our organization's unwavering commitment to quality-driven growth and highlighted that our greatest strength lies in the collective creativity and dedication of our people.

A special note of appreciation to our **esteemed panel of judges** — **Mr. Ajay Singh, Mr. Basavaraj Bomman, Mr. Gurupadappa, Mr. Abhi Anant Kinlekar, and Mr. Nishant Singh** — for their valuable time, insights, and contributions in making the event a resounding success.

GET Induction

30th July 2025
JSW Vijayanagar

As part of our knowledge-sharing and capability-building initiatives, the TQM Department conducted a special induction program for the Graduate Engineer Trainees (GETs). The session introduced them to the principles and practices of Total Quality Management (TQM) and its role in shaping the organization's journey toward excellence.

The induction began with an overview of the TQM philosophy, emphasizing that quality is not just a department's responsibility but a way of working across every function. The GETs were familiarized with concepts such as continuous improvement and Kaizen, learning how even small changes can drive innovation and efficiency. Through real-life case studies, practical examples, and interactive discussions, the trainees explored quality tools and problem-solving techniques, while also being encouraged to embrace values of teamwork, ownership, and accountability.

This strong foundation equips our young engineers to grow as future leaders in quality and excellence, ensuring that the spirit of continuous improvement is carried forward by the next generation.

SPOCS Interaction

29th & 30th September 2025
JSW Vijayanagar

On 29th and 30th September 2025, the TQM Department conducted a SPOCs Interaction Session at A08 to reinforce quality practices across the organization. The session saw active participation from 51 members representing various departments.

Key discussions revolved around strengthening Internal Audits and ISO readiness, clarifying SPOC roles, improving Daily Work Management, aligning departmental OSMs with top management goals, enhancing training coverage, standardizing HIRA practices, initiating 5S pilot areas, and designing frameworks for Rewards & Recognition. Other highlights included plans for regular TQM communication through nuggets and newsletters, as well as stronger DQC review follow-ups. The session emphasized collaboration, accountability, and structured improvement, with clear action plans and timelines defined. This initiative marks another strong step in embedding quality at every level and driving continuous organizational excellence.

Internal Audits at Departments

29th July 2025
JSW Vijayanagar

The TQM Department recently completed the ISO Internal Audits as part of its commitment to strengthening the organization's Integrated Management System (IMS), covering Quality, Environment, and Occupational Health & Safety. The audits were conducted in two phases, ensuring a thorough evaluation of compliance and effectiveness.

IN PICTURE : Routine Internal audit

Phase 1 : Special Audit by External Faculty

A focused audit was conducted by Mr. Anand Kumar, with special emphasis on climate change considerations in risk assessments and compliance with ISO 9001, ISO 14001, and ISO 45001. Nine critical processes—including RMHS, PP-1, SMS-2, HSM-2, CRM-2, PDQC, Environment, S&FS, and Marketing—were audited. The review resulted in 33 Non-Conformities (NCs) requiring corrective action and 35 Observations highlighting opportunities for further improvement.

Phase 2 : Routine Internal Audit

In parallel, the internal audit team carried out routine assessments across multiple operations to ensure ongoing compliance, effective internal controls, and process efficiency under IMS.

By combining external expertise with internal evaluations, the audits provided a comprehensive health check of our systems. This dual approach not only strengthens compliance with ISO standards but also drives continuous improvement, risk mitigation, and operational excellence, positioning the organization for stronger performance in future External Audits.

IN PICTURE : Mr. Anand Kumar - External Faculty

IN PICTURE : ISO Auditors auditing in various locations

Key Highlights

- The auditors appreciated the hospitality and cooperation extended by our teams.
- Competence and system knowledge demonstrated by auditees was highly commended.
- New initiatives in digitalization, safety, and climate change adaptation were acknowledged as positive steps.
- A few Opportunities for Improvement (OFIs) were shared with top management for further strengthening our systems.

ISO External Recertification Audit

15th September 2025
JSW Vijayanagar

The recertification audit for JSW Steel Vijayanagar Works' Integrated Management System (IMS) has been successfully completed, with TÜV Rheinland auditors recommending recertification for ISO 9001, ISO 14001, and ISO 45001. The audit was led by Mr. Sanjay Padmanna Kamble, supported by team members Ms. Geeta, Mr. Shrinivas Gangaram Chennuri, Mr. N. Ganesh, Mr. Upadrasta Rambabu, and Mr. Sathyanarayana Woodi. Their comprehensive evaluation covered key areas of quality, environment, and occupational health & safety. The successful outcome reinforces JSW Vijayanagar's steadfast commitment to quality excellence, sustainability, and workplace safety, while reflecting the dedication of our people and the robustness of our integrated management systems.

Audit Outcome

- Two Minor Non-Conformities (NCs) were identified, which will be addressed with corrective actions.
- Recertification has been recommended for:
- Quality Management System – ISO 9001:2015
- Environmental Management System – ISO 14001:2015
- Occupational Health & Safety Management System – ISO 45001:2018
- This successful recertification reflects our organization's strong culture of compliance, continuous improvement, and operational excellence, ensuring we stay aligned with global best practices.

Future Events

- 5S Deployment
- Strengthening of DWM
- TQM Refresher trainings

TQM Quote

“Quality is never an accident; it is always the result of high intention, sincere effort, intelligent direction and skillful execution; it represents the wise choice of many alternatives.”

- William A. Foster

Riddles

- I measure quality not by what I say, but by what the customer feels. Who am I? →.....
- I am invisible but my absence is costly. Who am I? →.....
- I was defined as “Fitness for Use” by Juran. Who am I? →.....
- I am the opposite of “Defects” and Crosby calls me “Zero.” Who am I? →.....
- I am the one who pays the salary in every business. Who am I? →.....
