Quality Management Maturity Level Session

28th November 2025
JSW Vijayanagar

IN PICTURE : Mr. LR Singh, COO, Vijayanagar Works

IN PICTURE : Mr. Anand Kumar Raman (Alpha Tech),
Ms. Sreelakshmy R. Menon TQM & Participants from various dept.

Quality Management Maturity (QMM): Strengthening Our Quality Journey

As part of our ongoing commitment to quality excellence and continuous improvement, JSW Steel has initiated the adoption of the Quality Management Maturity (QMM) Model to further strengthen our Quality Management Systems (QMS).

A Rollout and Training on QMS Maturity Level (QMML) Assessment was conducted on **28 November 2025, from 3:00 PM to 5:30 PM, at the Experience Centre – Forum Hall**. The session was inaugurated by **Mr. L. R. Singh, Chief Operating Officer (COO), Vijayanagar Works**, whose address emphasized leadership's strong focus on embedding quality maturity across all functions and processes.

The program was facilitated by **Mr. Anand Kumar Raman**, External Faculty from M/s Alpha Tech Solutions, who provided a comprehensive overview of the QMML framework, maturity levels, assessment methodology, and its practical application within organizational systems. The session enabled participants to gain clarity on how quality maturity goes beyond compliance and certification, focusing on integrating quality principles into strategic and operational decision-making.

Quality Management Maturity reflects the degree to which quality practices are systematically embedded across the organization. The QMML model provides a structured mechanism to assess the current state of the QMS and guide progression through defined maturity levels, from Level 1 to Level 5, thereby supporting continual improvement and sustainable performance.

Building on the awareness and training conducted earlier, QMML audits are currently in progress across departments to evaluate the existing maturity levels of Quality Management Systems. The outcomes of these audits will form the basis for identifying gaps, prioritizing actions, and implementing focused improvement initiatives through a structured roadmap.

This initiative reinforces JSW Steel Vijayanagar Works' commitment to fostering a strong quality culture, enhancing operational efficiency, and driving long-term excellence through a mature and resilient Quality Management System.

GET Induction

6th November 2025
JSW Vijayanagar

To strengthen knowledge-sharing and capability-building efforts, the **TQM Department** conducted a special induction program for **Graduate Engineer Trainees (GETs)**. The session introduced them to the principles and practices of Total Quality Management (TQM) and its role in shaping the organization's journey toward excellence.

The induction began with an overview of the TQM philosophy, emphasizing that quality is not just a department's responsibility but a way of working across every function. The GETs were familiarized with concepts such as continuous improvement and Kaizen, learning how even small changes can drive innovation and efficiency. Through real-life case studies, practical examples, and interactive discussions, the trainees explored quality tools and problem-solving techniques, while also being encouraged to embrace values of teamwork, ownership, and accountability.

IN PICTURE : 2025 Graduate Engineer Trainee

IN PICTURE : Mr. Pankaj Kumar Yadav, TQM dept

This strong foundation equips our young engineers to grow as future leaders in quality and excellence, ensuring that the spirit of continuous improvement is carried forward by the next generation.

SPOCS Interaction

22nd November 2025
JSW Vijayanagar

IN PICTURE : Mr. Abhi Anant Kinlekar, DGM, Total Quality Management Interacting with SPOCs

On 22 November, the **SPOC Meeting** was conducted, bringing together departmental champions to align on the next phase of the **TQM Premier League (TPL)**. The interaction enabled meaningful discussions, detailed planning, and renewed enthusiasm toward strengthening quality excellence across the organization.

During the session, progress and participation updates were reviewed across all **13 TPL event categories**. The launch of nominations for the **TQM Model Competition** was announced, encouraging departments to showcase their best practices, innovations, and successful TQM initiatives. Participants were also briefed on the upcoming **TPL Live Quiz nominations**, aimed at reinforcing and celebrating collective understanding of TQM principles. To ensure clarity and transparency, evaluation frameworks, timelines, and recognition plans were shared, helping departments align their efforts for effective participation in the next phase of TPL.

5S Session

13th & 22nd November,
3rd & 17th December 2025
JSW Vijayanagar

IN PICTURE : 5S Trainings by Ms. Dhruthi, Asst Manager & Mr. Abhi Anant Kinlekar, DGM, TQM

In line with our continued commitment to Total Quality Management, a focused training session on **1S (Sort) and 2S (Set in Order)** was successfully conducted this month. The session saw enthusiastic participation from multiple departments, reinforcing our collective drive toward workplace excellence.

Clear understanding of 1S and 2S principles
Practical demonstrations and real-time examples
Interactive discussions on implementation challenges and solutions
Departmental action planning for sustaining improvements.
This initiative is a cornerstone in our journey toward a cleaner, safer, and more efficient workplace. The energy and engagement displayed by participants reflect a strong culture of learning and ownership.

Trainings

Awareness Session on IMS

13th & 27th November, 4th December 2025
JSW Vijayanagar

IN PICTURE : IMS Awareness Session by Mr. Snehit Raju, Asst manager, TQM

The TQM Department organized an Awareness Training Session on Integrated Management System (IMS) to enhance employees' understanding of quality, environmental, and safety management requirements.

The session provided insights into **IMS principles, documentation structure, process approach, and the importance of continual improvement in daily operations.** Employees actively participated and discussed practical applications of IMS in their respective work areas.

This initiative supports JSW's commitment to strengthening a culture of excellence and ensuring consistent compliance with international stand

Policy Management & Daily Management Session

22nd & 28th November, 5th December 2025
JSW Vijayanagar

IN PICTURE : PM & DM Session by Mr. Pankaj Kumar Yadav, GET

The TQM department recently conducted an insightful Policy Management (PM) & Daily Management (DM) session, aimed at strengthening structured management practices and promoting a culture of continuous improvement across Vijayanagar Works.

Policy Management (PM): Focused on aligning organizational goals with departmental objectives through clear policies, ensuring consistency, accountability, and strategic direction.

Daily Management (DM): Emphasized the importance of daily monitoring, problem-solving, and tracking key performance indicators to maintain operational efficiency and process stability.

Session on Basic Statistics, QC and Kaizen

14th & 15th November, 2nd December 2025
JSW Vijayanagar

TQM Department organized a comprehensive training program covering **Basic Statistics, Quality Control Tools, and Kaizen** to strengthen employees' understanding of core quality concepts and develop a culture of continuous improvement across JSW.

The session on Basic Statistics introduced participants to fundamental analytical concepts such as averages, variation, data distribution, and interpretation techniques. This foundation helps teams make informed, data-driven decisions in their day-to-day work.

As part of the training, employees were also introduced to the Seven QC Tools, focusing on practical techniques for identifying root causes, analyzing process behaviors, and improving problem-solving efficiency. Real time examples from plant operations were used to demonstrate how these tools can be effectively applied to enhance process control and reduce defects.

IN PICTURE : Training on Basic Statistics, QC and Kaizen by Mr. Nishant Singh, Senior Manager, TQM Dept

RCFA Session at OBP 2

16th December 2025
JSW Vijayanagar

IN PICTURE : RCFA Session by Mr. Abhi Anant Kinlekar, DGM & Mr. Nishant Singh, Senior Manager, TQM Dept

A Root Cause Analysis (RCA) session on **OBP-2** training was conducted on 16th December with a focused objective of strengthening problem-solving capability and improving the effectiveness of corrective actions. The discussion centred on reinforcing practical and structured approaches for accurate root cause identification, enabling participants to move beyond symptom-based solutions.

Emphasis was placed on adopting sustainable countermeasures that address underlying issues and prevent recurrence, rather than relying on short-term or quick fixes. The session facilitated meaningful dialogue, enhanced analytical thinking, and reinforced the importance of robust RCA practices in driving long-term operational excellence.

QMML Session at SMS-3

22nd December 2025
JSW Vijayanagar

IN PICTURE : QMS Session by Mr. Anand Kumar Raman (Alpha Tech).

On 22 December, a follow-up QMM awareness and interaction session was conducted **at SMS-3 by Mr. Anandh from Alpha Tech** and the TQM team, as part of the continued rollout of the Quality Management Maturity (QMM) initiative. The session reinforced the same core principles of the QMS Maturity Level (QMML) framework introduced earlier, ensuring consistent understanding across operational teams.

The discussion focused on the intent of QMM, maturity levels, and expectations during the ongoing QMML audits, while also addressing queries and sharing practical insights. This interaction helped strengthen alignment, ownership, and engagement at the operational level, supporting effective implementation of the QMM framework.

5S Session at Logistics

10th December 2025
JSW Vijayanagar

IN PICTURE : 5S Training by Mr. Abhi Kinlekar, DGM, TQM at Logistics

In line with the organization's continuous improvement journey, a 5S implementation awareness session was conducted for the **Logistics Department** at JSW Steel Vijayanagar Works on 10 December, following a request from the department.

The session was conducted by **Mr. Abhi Kinlekar from the TQM Department**, who elaborated on the fundamentals of 5S, its importance in logistics operations, and best practices for effective implementation and sustenance. Emphasis was placed on workplace organization, safety enhancement, visual management, and standardization to improve overall operational efficiency.

The session witnessed active participation from the Logistics team and reflected the department's strong commitment towards adopting TQM principles and fostering a culture of discipline, ownership, and continuous improvement.

DM (Daily Management Assessment)

12th- 17th December 2025
JSW Vijayanagar

IN PICTURE : At BF 1&2

IN PICTURE : At BRM 1

The Daily Management (DM) Audit has been successfully completed across the following departments: **BF 1 & 2, BRM 1, WRM 1, PPC, and Logistics**. The audit aimed to assess the effectiveness of DM practices and identify opportunities for strengthening execution at various levels.

General Observations:

Updated Organization Charts, RACI matrices, and KPI Trees are available across the audited departments.

MKPIs and CKPIs are clearly identified at each level and are being regularly monitored.

Standard Operating Procedures (SOPs) are in place; however, they require more frequent updates to reflect learnings from improvement projects, Kaizen initiatives, abnormality analysis, and RCFA outcomes.

Root Cause Failure Analysis (RCFA) is being conducted to address identified gaps and prevent recurrence.

Based on the audit findings, department-wise improvement points and maturity-level assessments will be shared to support continuous improvement and strengthen Daily Management practices.

Awards

JSW Steel Vijayanagar wins Gold and Apex Award at IGMC 2025

12th December 2025
JSW Vijayanagar

IN PICTURE : From Left to right - Mr. Sanjay Sharma (EVP), Mr. Devasish Mishra (EVP), Mr. Srinivas A Rao (Sr VP), Mr. LR Singh (COO), Mr. P K Ghorui (EVP), Mr. Shakeel Ahamed (Sr. VP), Holding the IGMC Gold Award 2025 (left picture) and Apex Award 2025 (Right Picture)

JSW Steel, Vijayanagar Works achieved a significant milestone at the **India Green Manufacturing Challenge (IGMC) 2025**. The Works emerged as a Gold Award Winner, ranking among India's top manufacturing facilities, and also achieved **Apex Award recognition**, outperforming the best in the industry .

This remarkable recognition from the International Research Institute for Manufacturing (IRIM) validates our unwavering commitment to sustainable manufacturing practices and operational excellence.

During the comprehensive assessment, the auditors specifically highlighted our proactive approach, noting that we are already actively advancing in key focus areas,

- **People and Process Safety**
- **Low-grade Iron Ore Processing capabilities**
- **Talent Management**
- **Plant and Infrastructure Upgradation initiatives**

JSW Steel, Vijayanagar Works Wins IIM National Sustainability Award

4th - 6th December 2025
IIT Hyderabad

IN PICTURE : Mr. Srinivas A. Rao (4th from left), Senior Vice President, Operations (Iron Making), Vijayanagar Works along with JSW Team

JSW Steel, Vijayanagar Works has been conferred the **IIM National Sustainability Award – Ferrous Category** by The **Indian Institute of Metals (IIM)** for its exemplary sustainability performance during FY 2024–25.

Applying under the Integrated Steel Plants category, **Vijayanagar Works emerged as the best-performing plant** following a rigorous evaluation based on a comprehensive sustainability framework emphasizing responsible **manufacturing, environmental stewardship, renewable energy adoption, and operational excellence.**

The unit demonstrated outstanding performance across product quality and development, profitability, human resource management, and sustainability initiatives, aligning strongly with national objectives for sustainable growth in the ferrous sector.

The award was received by **Mr. Srinivas A. Rao, Senior Vice President – Operations (Iron Making)**, during the IIM Awards Ceremony held from 4th to 6th December 2025 at IIT Hyderabad, reaffirming Vijayanagar Works' leadership in sustainable steelmaking.

NCQC 2025

19th, 20th, 22nd December 2025
Noida

IN PICTURE : JSW Teams at NCQC 2025

JSW Steel Limited, Vijayanagar Works delivered an exceptional performance at NCQC 2025, held on 19th, 20th, and 21st at Noida, reaffirming its strong culture of quality, teamwork, and continuous improvement.

A total of **29 teams** represented Vijayanagar Works, demonstrating outstanding commitment, structured problem-solving capability, and operational excellence. Their exemplary efforts were recognized with an impressive tally of **24 Par Excellence Awards, 5 Excellence Awards, and one Best Model Award**, reflecting the depth and maturity of quality practices across the Works.

Beyond the awards, the presentations drew significant appreciation in the form of standing ovations, sustained applause, and peer admiration, highlighting the strong impact and relevance of the solutions showcased.

Each team exemplified the JSW spirit collaboration, discipline, and a relentless pursuit of excellence setting a strong benchmark and bringing pride to the entire JSW Steel organization.

JSW Steel Vijayanagar Triumphs at CII Champions Trophy 2025

18th December 2025
Bangalore

JSW Steel, Vijayanagar Works earned national recognition at the **CII Champions Trophy–2025**, Bangalore, winning both the **Champion of Champions Award** and the **Star Champion Award**. This achievement highlights the strong culture of innovation and teamwork within the Central Maintenance Department.

Under the mentorship of **Mr. Ajit Jain**, Team Improvement Innovators (**Ms. Abhirami A** and **Ms. Nithyasri**) won the Champion of Champions Award in the Technology Competition. Team Innovators (**Ms. Mehjabeen** and **Ms. Shilpi H**) secured the Star Champion Award in the Innovative Kaizen Competition, with facilitation support from **Mr. Shrikantha A** and **Mr. Thota Reddy**.

The success was achieved under the guidance of **Mr. V. R. Sekhar** and **Mr. V. S. N. Murthy**, reinforcing JSW Steel Vijayanagar Works' commitment to excellence and continuous improvement.

JSW Steel Vijayanagar Wins ASSOCHAM National Water Award 2025

8th & 9th December 2025
Bangalore

JSW Steel Vijayanagar Works has been conferred with the prestigious **ASSOCHAM National Water Award 2025**, recognizing its exemplary practices in sustainable water management and responsible water stewardship. Instituted by the Associated Chambers of Commerce and Industry of India (ASSOCHAM), this national-level award acknowledges organisations that demonstrate innovation, efficiency, and measurable impact in water conservation and management.

The ASSOCHAM National Water Awards aim to promote best practices in water management, encourage technological innovation, and foster a culture of sustainability aligned with national priorities for water security. JSW Steel Vijayanagar's achievement reflects its strong adherence to TQM principles, including systematic planning, continuous improvement, data-driven decision-making, and stakeholder involvement in environmental sustainability initiatives.

IAQ Quality Sustainability Award 2025 (Gold)

13th December 2025
JSW Vijayanagar

JSW Steel Vijayanagar Works has achieved a significant milestone by winning the **IAQ Quality Sustainability Award 2025 (Gold)**—a globally recognized platform that promotes quality-driven sustainability initiatives aligned with the United Nations' 17 Sustainable Development Goals (SDGs).

The award was conferred for the project “**CTP improvement through SEED (Sustainable Energy, Environment and Decarbonisation) initiative**”, which focused on the innovative injection of by-product gas into the sintering bed. The project successfully progressed through multiple evaluation stages and emerged as a National Winner (Gold) after rigorous assessment by the IAQ Jury.

On behalf of JSW Steel, **Dr. A. Veera Brahmacharyulu, GM (R&D and SS)** and **Mr. Sudhakar K** received the award and presented the case study, highlighting its quality impact, sustainability benefits, and operational excellence.

IN PICTURE : Dr. A. Veera Brahmacharyulu (2nd from left) Mr. K. Sudhakar (3rd from left)

MONTHLY QUALITY QUIZ – Q3 UPDATE

OCTOBER – DECEMBER

As part of the TQM Promotion Initiatives, monthly Quality Knowledge Quizzes were successfully conducted during **October, November, and December** (Q3) at JSW Steel, Vijayanagar Works. The objective of this initiative was to strengthen awareness of quality concepts, problem-solving tools, and continuous improvement practices across the organization.

The quizzes received enthusiastic participation from employees across departments, reflecting a strong culture of learning, collaboration, and commitment towards operational excellence and Total Quality Management (TQM).

To recognize consistent performers and encourage healthy competition, a consolidated leaderboard was prepared based on cumulative performance across the three months. The Top 10 participants demonstrated exemplary knowledge, consistency, and commitment to quality excellence.

- | | |
|--------------------------|--------------------------------|
| 1.Archit Kumar | – PDQC |
| 2.Ajit Jain | – Central Maintenance |
| 3.Shivashankara R | – Steel Melting Shop 4 |
| 4.Kapil Agrawal | – Energy Management |

- TQM Model Competition

TQM Quote

"Cost is more important than quality but quality is the best way to reduce cost."

-Genichi Taguchi

Riddles

Note: Share Your Answers to tqm.vjnr@jsw.in*

1. I ask the same question again and again, not to irritate, but to uncover where problems began. I stop only when the real cause comes to light.
Which Six Sigma tool am I?
2. I turn scattered numbers into bars you can see, Showing frequency and patterns clearly. I reveal where variation likes to stay.
Which analytical tool am I.....
3. I list causes in branches wide, Man, Machine, Method, Material side by side. I help teams think before they decide.
What problem-solving tool am I?
4. I separate the vital few from the trivial many, With bars that fall like steps of a stairway. I tell you where to focus first.
Which Six Sigma tool am I?
5. I watch a process over time, With upper and lower limits drawn as a sign. I warn you before things go out of line.
Which control-phase tool am I?
